Professional Summary

Computer Engineering student and MERN Stack Intern with hands-on experience in developing full-stack web applications. Skilled in JavaScript, React.js, Node.js, Express.js, and MongoDB, with experience building RESTful APIs, authentication systems, database-driven applications, and responsive user interfaces. Strong problem-solving skills with 400+ LeetCode problems solved, seeking opportunities to contribute to scalable and efficient software solutions.

Technical Skills

Languages: Java, Python, JavaScript
Frontend: HTML, CSS, React.js
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Tools & Concepts: Git, GitHub, DSA, JWT, Machine Learning, AI Integration

Experience

MERN Stack Intern

2026 – Present

Anvistar, Pune

- Developed React.js frontend features and integrated them with RESTful APIs built using Node.js and Express.js.
- Implemented MongoDB database operations and contributed to authentication, input validation, and API integration.
- Debugged application issues and collaborated with the development team to improve functionality and deliver assigned features.

Projects

Expense Management System

MERN Stack, JWT, MongoDB, Chart.js

- Built a MERN-based expense management application with JWT authentication and protected REST APIs.
- Implemented CRUD operations for expenses, budgets, goals, accounts, tags, and reminders using MongoDB and Mongoose.
- Developed an interactive analytics dashboard using Chart.js to visualize income, expenses, monthly spending, and category-wise trends.
- Implemented filtering, search, and date-based analytics to help users monitor spending patterns and financial activity.

AI SaaS Platform

React.js, Node.js, AI APIs

- Developed an AI-powered SaaS platform with a React.js frontend and Node.js backend for accessing multiple AI-based tools.
- Integrated AI APIs to process user requests and generate automated content through an interactive web interface.
- Implemented user authentication and backend API integration for secure access to application features.
- Designed responsive and reusable React.js components to provide a consistent user experience across the platform.

Education

B.E. in Computer Engineering

2023 – 2027

Kamalnayan Bajaj Institute of Engineering & Technology, Baramati

CGPA: 8.72

Higher Secondary Education (Class XII)

2023

Vidya Pratishthan's Arts, Science and Commerce College, Baramati

Percentage: 80.17%

Secondary School Certificate (Class X)

2021

Shri Shahaji High School

Percentage: 97.00%

Certifications

Programming in Java – NPTEL, IIT Kharagpur

Jul – Oct 2024

Introduction to Machine Learning – NPTEL

Jan – Apr 2026

React and Redux – KnowledgeGate

Sep 8, 2026

Node.js, Express.js and MongoDB – KnowledgeGate

Sep 2, 2026

Achievements

- Achieved **96.34** percentile in the **MHT CET** examination (2023).
- Solved **400+** problems on LeetCode and completed the **100 Days LeetCode Batch**.
